

# Enbridge Home Energy Conservation Program

Now more customers than ever before can qualify for **thousands** in available incentives from Enbridge Gas on their home renovation projects.

Now get up to  
**\$5,000**

in Enbridge Gas incentives plus additional electrical incentives

- Complete minimum of **2 upgrades**
- Gas, propane, oil, wood and electric heated homes qualify
- Audit Costs are \$400 + HST for pre audit and \$200 + HST for post audit, and will be reimbursed as part of the incentive payment after successfully completing the program (pre and post audit). Participant will pay the HST on the pre and post audit costs.
- Maximum total Enbridge Gas rebate is \$5,000** including access to additional available electrical incentives
- Work must be completed within **120 days of pre audit**
- In order to qualify for Enbridge incentives, pre and post audits must take place prior to December 31<sup>st</sup>, 2018
- Participants must complete their pre and post audits by December 31<sup>st</sup>, 2018 in order to be eligible for the IESO incentives

## ENBRIDGE GAS INCENTIVES: at least two of these upgrades must be undertaken to qualify for bonus electrical incentives

### Air Sealing

- \$100** • For reaching target on report
- \$150** • For reaching 10% above target on report  
Baseline calculation is done during the pre audit

### Air Source Heat Pump (ASHP) **NEW**

For Gas, Wood, Oil, Propane heated homes  
For electrically heated homes, see page 2

- \$500** • ENERGY STAR® Certified – EER 12.5/SEER 15 HSPF 8.5
- ASHP will not count as one of the two required measures. In order to qualify for this incentive, you must have already installed two of the approved upgrades under the Home Energy Conservation Program.

### Furnace/Boiler\*

For Gas, Wood, Oil, Propane heated homes

- \$1,000** • FURNACE: replace a 94% or lower efficiency with a 95% AFUE or higher
- BOILER: replace an 89% or lower efficiency with a 90% AFUE or higher ENERGY STAR® condensing gas boiler

### Water Heater

- \$500** • For replacing existing water heater with 0.80 EF or higher **tank type** natural gas or propane water heater or;
- For replacing existing water heater with 0.82 EF or higher **tankless type** natural gas or propane water heater

### Other Heating **NEW**

For replacing a wood-burning system or appliance with one of the following:

Must be considered primary heating source

- \$750** • An indoor wood-burning appliance certified to either CAN/CSA-B415.1-M92
- An indoor pellet-burning appliance (includes stoves, furnaces and boilers that burn wood, corn, grain or cherry pits)
- An indoor masonry heater
- Replace a solid fuel-fired outdoor boiler with an outdoor wood-burning appliance certified to CAN/CSA-B415.1  
The capacity of the new equipment must be equal to or smaller than the capacity of the boiler being replaced.

### Attic Insulation

- \$500** • For increasing attic insulation to at least R50 from R12 or less
- \$250** • For increasing attic insulation to at least R50 from R13 to R25
- \$500** • For increasing cathedral/flat roof insulation by at least R14

### Basement Insulation

If less than 100% is completed the incentive will be pro-rated.

- \$1,250** • For adding at least R23 to 100% of basement
- \$750** • For adding at least R12 to 100% of basement
- \$1,000** • For adding at least R23 to 100% of crawl space wall
- \$500** • For adding at least R10 to 100% of crawl space wall
- \$500** • For adding at least R24 to 100% of floor above crawl space

### Exterior Wall Insulation

If less than 100% is completed the incentive will be pro-rated.

- \$1,750** • Add at least R9 for 100% of building to achieve a minimum of R12
- \$1,250** • Add at least R3.8 for 100% of building to achieve a minimum of R12

### Window/Door/Skylight

- \$80** • For each window, door or skylight replaced with an ENERGY STAR® Certified model

## ADDITIONAL BONUS INCENTIVES:

available for deeper energy savings as part of the maximum \$5,000 Enbridge Gas Incentives

**Install 3 upgrades** - customer will receive additional **\$250**

**Install 4 upgrades** - customer will receive additional **\$500**

**Install 5 upgrades** - customer will receive additional **\$750**

\*Combi unit will only count as one measure

The above incentives have terms and conditions in order to participate.

Please visit [enbridgesmartsavings.com](http://enbridgesmartsavings.com) or call **1-855-659-0549** for full program details.

# ADDITIONAL ELECTRICAL INCENTIVES AVAILABLE

## APPLIANCES

When Replacing  
with ENERGY STAR®\*

**\$75** Refrigerator  
**\$75** Freezer

**\$30** Dehumidifier  
**\$75** Clothes Washer

## HEATING & COOLING

The following \$600 and \$250 incentives are only eligible if two upgrades are completed as part of the Home Energy Conservation Program, regardless of fuel type.

ITEM	REBATE
Central Air Conditioner model must be ENERGY STAR® certified with a minimum seasonal energy efficiency (SEER) ratio of 18 and a minimum energy efficiency ratio (EER) of 13. Must have a qualifying indoor coil	<b>\$600*</b> (must have Make, Model and Coil # indicated on Invoice)
High Efficiency Furnace with (ECM) (electronically commutated motor)	<b>\$250*</b> (must have Make, Model and Coil # indicated on Invoice)

## AIR SOURCE HEAT PUMPS

### For electrically heated homes only:

Upgrade from an Electric Furnace/Baseboard or replace existing ASHP

- Counts as a measure for Home Energy Conservation Program
- **Maximum** \$5,800 rebate cap\*
- Eligible for the Home Energy Conservation Program bonus incentive

### Must Be:

- Used as primary heating source
- ENERGY STAR® Certified\*, and
- Minimum efficiency rating of EER 12.5/SEER 15/HSPF 8.5
- For Cold Climate, ASHP must be NEEP certified and have a COP at -15°C (5°F) greater than 2.0 at maximum capacity operation

ITEM	REBATE
<b>Ductless ASHP</b> Single Head, Electric Baseboard, No A/C or with A/C	<b>\$1,900*</b>
<b>Ductless ASHP</b> Multiple Head, Electric Baseboard, No A/C or with A/C	<b>\$2,500*</b> per exterior unit and the first one interior unit <b>+\$250</b> for each one additional interior unit attached to the same exterior unit up to a <b>maximum of \$4,250*</b>
<b>Ductless ASHP</b> Cold Climate, Single Head	<b>\$2,500*</b>
<b>Ductless ASHP</b> Cold Climate, Multiple Head	<b>\$3,000*</b> for one exterior unit and the first interior unit <b>+\$400</b> for each one additional interior unit attached to the same exterior unit up to a <b>maximum of \$5,800*</b>
<b>Ducted ASHP</b> Central Furnace, No A/C or with A/C	<b>\$3,250*</b>
<b>Ducted ASHP</b> Cold Climate, Central Furnace, No A/C or with A/C	<b>\$5,500*</b>

\* In order to be eligible for the IESO incentives, participants must complete both their pre audit and final post audit by December 31<sup>st</sup>, 2018.

### To qualify for the Home Energy Conservation Program, homeowners must also:

- agree not to participate in any other gas or building envelope program(s) offered by parties outside of Enbridge Gas Distribution Inc. between the Initial Audit and the Final Audit.
- confirm they have not applied for, nor will apply in the future for, rebates or incentives from other energy efficiency/conservation programs (including GreenON) for the same qualifying energy efficiency improvements for which the homeowner is eligible to receive incentives through the HEC Program.

Visit [enbridgesmartsavings.com](http://enbridgesmartsavings.com)  
or call **1-855-659-0549** for full program details.

This Program is delivered by Enbridge Gas Distribution in partnership with the Government of Ontario and Save On Energy.

Program is effective to December 31<sup>st</sup>, 2018. Natural gas and alternative fuel savings are based on approved modeling software. Only one enrollment for incentive per household is permitted. To find out if you qualify for incentives, a pre and post home energy audit is required by a Program approved Registered Energy Advisor (REA). No more than 120 days between the pre and post audit is allowed. In special circumstances, your REA can request an extension. Please contact one of the Enbridge approved Service Organizations listed at [enbridgesmartsavings.com](http://enbridgesmartsavings.com) for further information about this Program. The Home Energy Conservation Program is only available for residential detached homes, town and semis – no multi-residential buildings or condos. Additional information on the Program can be found at [enbridgesmartsavings.com](http://enbridgesmartsavings.com). Program may be subject to change or cancellation without notice at any time. Homeowner is responsible for ensuring they meet the Program eligibility requirements, choosing a qualified REA, keeping and submitting invoices, and meeting Program deadlines. Subject to additional terms and conditions found at [enbridgesmartsavings.com](http://enbridgesmartsavings.com). Subject to change without notice. Save on Energy is powered by the Independent Electricity System Operator and brought to you by Enbridge Gas Distribution and the Government of Ontario.
