In borrowing tools (as listed in the Tool Catalogue) from the Rideau Environmental Action League (REAL), I agree to pay in advance the posted annual rate for the number of days I intend to borrow the tool. (the "borrowing period"). I will return these tools during posted hours of operation to the REAL DEAL store location at 85 William Street West Smiths Falls, Ontario, K7A 1N5 at the end of the borrowing period. If I return the tool(s) after the expected due date, I will be charged the posted daily rate for each tool for each 24 hours or portion thereof, that I have the tools in my possession.

I acknowledge that I am responsible for wearing safety gear and I agree to operate the tool in accordance with its purpose. I do not hold REAL or any of its staff or volunteers responsible for my actions or any damages to property or to myself. If the tool is damaged as a result of regular use during the borrowing period, I agree to notify a REAL staff of the nature of the damage upon the tools return. All tools are borrowed in working order. If the tool is returned and is no longer in working order as a result of my negligence or abuse, I acknowledge that REAL has the right to charge my credit card \$200 for repairing the damage or to replace the tool.

REAL reserves the right to ask any customer to return any tool(s) following the borrowing period. If I do not return the tools within five working days of such a request, or if I have lost the tool(s) whether by theft or negligence, I authorize REAL to charge my credit card for the replacement value of that tool, up to a maximum of \$500.
